

## Science & Technology Class Guidelines

Teacher: Ms. Pitre

Classroom: C-245

*Dear Parents,*

*I have the honour of having your child in my science class this year. Here is some information that will help make the year a successful one for all of us. Please sign the slip your child brings home so I know you have read and agree to the classroom expectations and rules. Take time to view my website, [misspitre.pbworks.com](http://misspitre.pbworks.com), so you can always be up-to-date. I look forward to meeting you!*

*K. Pitre*

Students come to class prepared with all their materials:

- ✓ 2 inch binder
- ✓ 1 Exercise book
- ✓ 4 dividers labeled: Notes, Worksheets, Labs and Evaluations
- ✓ Pencils, pens, eraser and ruler
- ✓ Coloring pencils and/or markers
- ✓ Calculator
- ✓ Loose leaf

Evaluation:

- The course is evaluated using 2 competencies: C1 - Practical (Labs) worth 40% and C2 - Knowledge (assignments, projects, quizzes, tests, exams) worth 60%
- Science department policies:
  - ❖ An assignment can be 2 days late without penalty, after this they will lose 10% per day for up to 3 days later, weekends included.
  - ❖ Extended time is factored into assignments and projects.
  - ❖ NO re-tests are given.
  - ❖ Students are prohibited of bringing any electronics to class for the entire period of a test/exam. Students will be reminded not to bring an electronic to class and they will have to sign on the evaluation that they do not have an electronic with them. If a child does bring an electronic to class, they will get a zero. This is the same rule that the ministry applies for the June exams

Recuperation:

I will be available on days 5, 7 and 10 from 12:15 to 12:45 or by appointment in my classroom to help students review their work or to answer questions they may have.

Communication with parents:

The simplest way for us to communicate is through email: [katherine.pitre@rsb.qc.ca](mailto:katherine.pitre@rsb.qc.ca)

## Science Laboratory Rules and Information

***The student will not be allowed to participate in any of the labs until the bottom this sheet is brought back signed.***

### Safety Lab Rules:

1. Students must act responsibly in the lab and follow instructions given by the teacher. Failure to do so may result in the loss of lab privileges while, still being responsible for lab reports. Only teacher authorized activities are permitted.
2. Students must wear proper laboratory attire as designated by the teacher. Long hair must be tied back and safety goggles must be worn. If students do not already have a pair of goggles, they can borrow one from the teacher.
3. Students must take proper care of lab equipment. Students will have to reimburse the school for any broken or missing equipment.

### **Main Science Classroom Rule**

**NO CELL PHONES ALLOWED**

✂-----Please complete, detach, & return-----

I have read the above information and agree to follow all lab regulations.
